

--1. In SQL Server Express 2014, you can type:

```
select DATEDIFF(YEAR,[Birth Date], GETDATE()) as Age,  
Format(Salary, 'C','en-us') as Salary,  
Upper(RTRIM(LTRIM(comment))) as Comment  
from WorkerData$
```

--2. In SQL Server Express 2017, you can type:

```
select DATEDIFF(YEAR,[Birth Date], GETDATE()) as Age,  
Format(Salary, 'C','en-us') as Salary,  
Upper(TRIM(comment)) as Comment  
from WorkerData$
```
