

--1. creating views with scripts

```
use AdventureWorks2014
```

```
go
```

```
if OBJECT_ID("EmployeeDetails") is not null
```

```
    drop view EmployeeDetails
```

```
go
```

```
create view EmployeeDetails
```

```
as
```

```
    select HireDate,
```

```
    "Bonus"=(case
```

```
                when DATEDIFF(YEAR, HireDate, GETDATE())>=8
```

```
                then 'Yes'
```

```
                else 'No'
```

```
            end)
```

```
    from HumanResources.Employee
```

```
go
```

```
select * from EmployeeDetails
```
